

From the Manager's Desk

Dear Valued Customer,

Dial 4-1-1 and get any number, anywhere in America and get connected!

When you need directory assistance, you should be thinking of 4-1-1 service. 4-1-1 can get you the same information as dialing the other directory assistance numbers, and it costs less than dialing 555-1212 and many others. Not only is 4-1-1 service from Palmerston Telephone much cheaper than other services, there are no sign up fees, no monthly fees, no registration fees and no commitment of any kind. We even offer optional call connect.

Optional call connect means that when you request a number from our 4-1-1 service, you can have the operator connect you to that number. Optional call connect costs 25 cents per minute, so if you have a better rate through your telephone service plan, you may want to hang up and dial the number yourself. And, at just 75 cents per call 4-1-1 is a great deal, especially when compared with 555-1212's rates!

So, next time you need a telephone number looked up, dial 4-1-1, save some money, and don't worry about any surprises on your next telephone bill.

In addition, as a special courtesy to our own Palmerston Telephone customers we have available our own local directory assistance number: **610-826-0411**. This number allows you to receive telephone numbers in our service coverage area. The best part is, the first two times each that you use 610-826-0411 are FREE, and each number after that is only 35 cents.

For more information on **4-1-1 Directory Assistance**, call the Palmerston Telephone Business Office at (610) 826-6650, Monday through Friday, 8am to 5pm or visit: www.ptelco.com.

**Please note that unlisted numbers cannot be given out. This service is provided by Palmerston Telephone for Palmerston Telephone customers, and can only provide numbers within the Palmerston Telephone coverage area.

Best Regards,

Tim Hausman

Product of the Month

RoboBlock

Stop nuisance calls with RoboBlock. Spammers and scammers are using robo calls with fake caller ID numbers. This is not only extremely annoying but this can also pose a potential threat to you and your finances.

Placing your number on the Do Not Call registry will stop some nuisance calls but not all. The FCC allows phone companies to block robo callers using fake caller id numbers upon the request of their customers. Our RoboBlock service helps eliminate many of these annoying and misleading calls. For only \$1.00 per month, that's a pretty great deal to eliminate all frustrations that come with spam calls.
