Product of the Month

RoboBLOCK

Unwanted robo calls are super annoying. Not only are they annoying, but they can also pose a potential threat to your finances.

A couple tips for dealing with unwanted robo calls:

- Do not answer calls from unknown numbers.
- If you do answer a call from an unknown number, hang up right away.
- Never give out personal information.
- Do not respond to any questions, even ones that can be answered with a "Yes".
- Register your phone number on the Do Not Call List.
- Call Palmerston Telephone Company to set up RoboBLOCK.

Robo callers are able to find a way to use fake caller IDs to get around the Do Not Call registry. If you find this happening, then it's time to sign up for RoboBLOCK.

The FCC allows phone companies to block robo callers who use fake Caller ID numbers and authorizes phone carriers to continue to block calls upon the request of the subscriber. For only \$1.00 a month, our RoboBLOCK service helps eliminate many of these annoying and misleading calls.

Ready to sign up for RoboBLOCK? Call us before April 30, 2023 at **(610) 826-6650** and receive **FREE ACTIVATION!**
