

From the Manager's Desk

Dear Valued Customer,

Save more than you might think with paperless billing

Interested in a simple, free way to make your life easier while helping the planet stay a little greener? No matter what Palmerton Telephone service you have, paperless billing is available for your convenience, and there are plenty of reasons why you should take advantage of it.

Save time.

Paper bills can require sifting through piles of mail, trying not to lose your statements, writing and mailing checks or manually visiting payment sites, physically archiving your statements or shredding them to protect your account info, missing payment dates due to delivery errors or personal travel, etc.

With paperless billing, you have easy access to your account info anywhere you can get online. View and pay your current bill, save methods of payment, review past statements, and more. You can take care of business without having to wait until a paper bill arrives in the mail. You get more convenience and less clutter.

Save money.

Paperless billing helps you pay your bills on-time without any additional fees. You never have to worry about whether your submitted payment arrived by its due date. No envelopes, no stamps, no problem.

Save trees.

It's simple—fewer paper bills means fewer trees need to be cut down to create them. Eliminating paper bills also means less ink, plastic, fuel, industrial waste, and countless other aspects of the manufacturing, delivery, and disposal/recycling processes. If the environment could talk, it would happily thank you for going paperless.

Best Regards,
